

HEALTH CAREERS DAY

21 MARCH 2014

This year's Health Careers Day, organised and run by Whānau Ora workforce project leader Lianne Kohere, was attended by close to 100 year 11, 12 and 13 students and 30 WDHb staff. Thank you to all managers who released their staff for the morning to assist in making this day so successful. The Health Careers Day is all about investing in the future of the Whanganui health sector.
